

Easy to listen Easy to focus

Quick start guide

Lecture

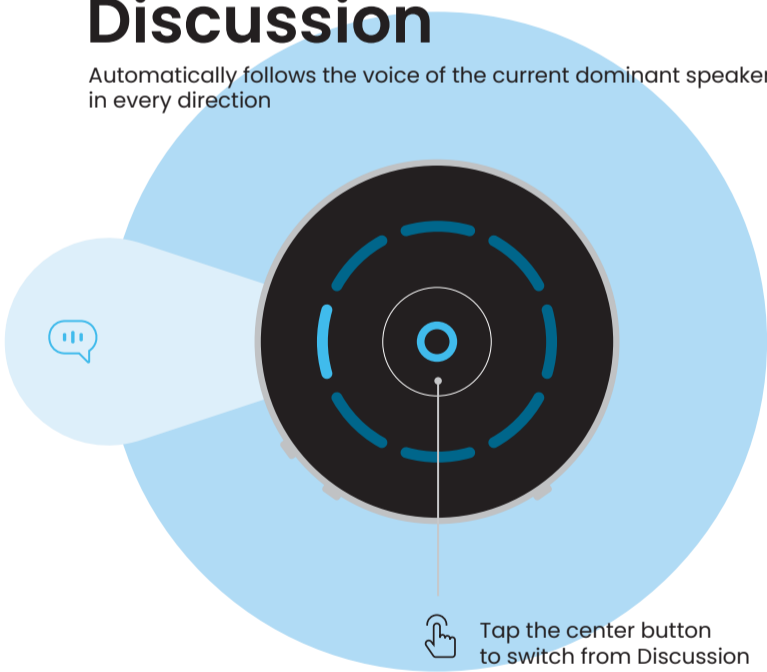

Automatically follows the voice of the teacher when moving around the front of the classroom

Tap the center button to switch from Lecture to Discussion mode

Discussion

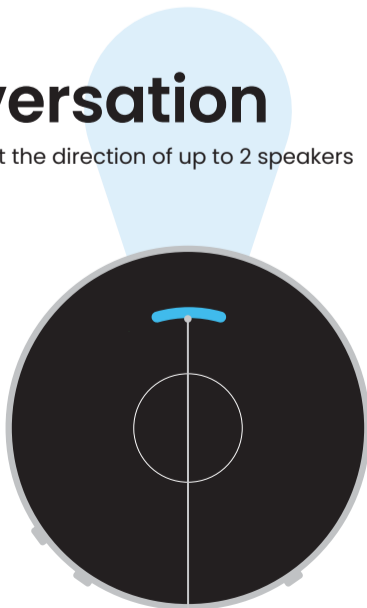

Automatically follows the voice of the current dominant speaker in every direction

Tap the center button to switch from Discussion to Lecture mode

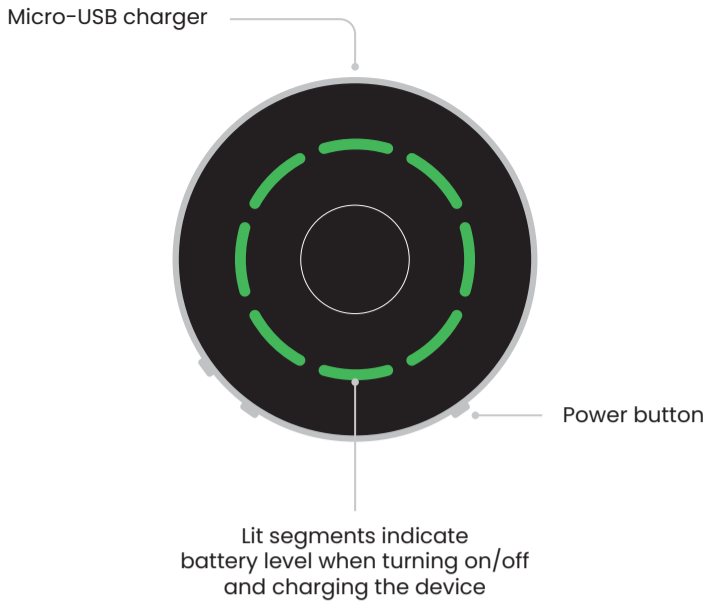

Conversation

Manually select the direction of up to 2 speakers

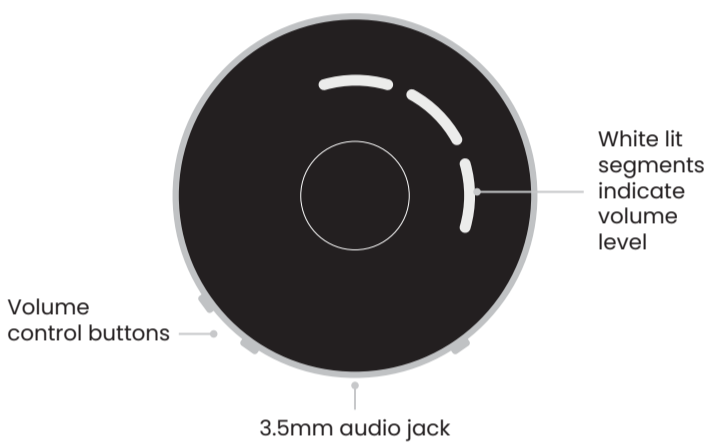

Tap the segment in the direction of a particular speaker

Battery and charging

Volume

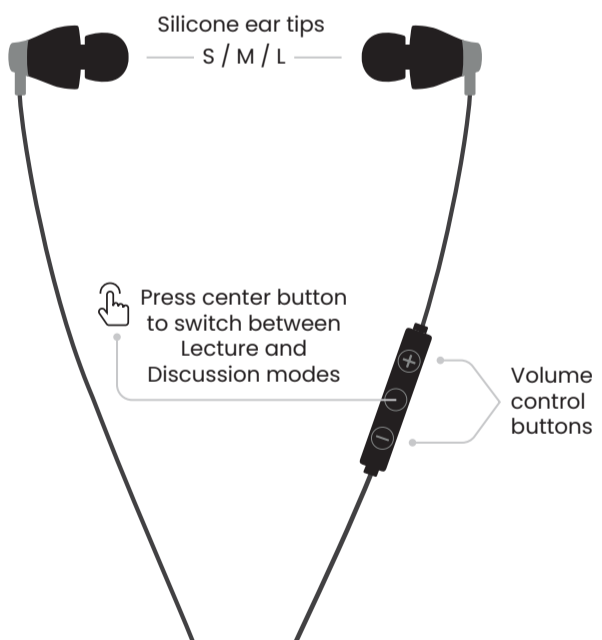

For optimal performance, set volume level so voices sound natural. High volumes may amplify undesired voices and background noise

Warning: with continued use at a high volume, your ears can become accustomed to the sound level, which may result in permanent damage to your hearing without any noticeable discomfort.

Headphones

You can use any headphones with 3.5mm audio plug
